MEDICAL

Dr. Donald R. Bassman is a highly experienced orthopedic surgeon with decades of expertise in treating musculoskeletal injuries and conditions. He completed his medical degree and orthopedic residency at Washington University in St. Louis, where he also served as an instructor in orthopedic surgery. Dr. Bassman has a distinguished career with roles at prominent medical institutions, including Barnes-Jewish Hospital, St. Luke's Des Peres Hospital, and St. Joseph's Hospital. His professional experience also includes leadership and private practice in St. Louis, Missouri.

Dr. Bassman specializes in a range of orthopedic treatments, with particular expertise in joint replacement surgery, sports injuries, and fracture management. He is board-certified by the American Board of Orthopaedic Surgery and is an active member of professional organizations such as the American Academy of Orthopaedic Surgeons and the St. Louis Orthopedic Society. His commitment to continuous education has led him to attend numerous advanced courses on joint replacement, arthroscopy, and orthopedic biomechanics.

With a focus on patient care and a strong academic foundation, Dr. Bassman has been involved in research, education, and professional presentations throughout his career. His expertise in joint replacement, surgical techniques, and orthopedic trauma makes him a trusted choice for Independent Medical Evaluations (IMEs) and legal consultations.
